Hearing testing and amplification prescriptions are performed by Audiologists who are regulated by the Regulated Health Professions Act (RHPA). Some services such as hearing aid maintenance and instructions for care are provided by trained Hearing Instrument Dispensers and Audiology Assistants who are not regulated under RHPA.

London Audiology Consultants will collect personal information to serve its client's needs and will maintain the security and privacy of this information in accordance with our privacy policy, which is available to read. If hearing aids are ordered, personal information released to the manufacturer will include name, date of birth, hearing test results and information about the size and shape of the ears. If you are covered by a third party insurance that receives special pricing from the hearing aid manufacturers we are required to provide your identification number for billing purposes. I consent to the collection of this information.
